PROFILE

A 26-year-old Chemistry graduate with experience in research, data analysis, and technical documentation. Passionate about research and development as well as laboratory analysis, with a strong desire to apply scientific knowledge, analytical skills, and research experience to support innovation, problem-solving and evidence-based decision-making.

EDUCATION

Master of Development Studies	2025 - Ongoing
Department of Economics	
Yangon University of Economics	
Postgraduate Diploma in Applied Psychology	2024 - 2025
Department of Psychology	
University of Yangon	
Bachelor of Sciences in Chemistry	2017 - 2023
Department of Chemistry	
West Yangon University	

OTHER QUALIFICATIONS

Excel Skills for Business: Essentials	2024
MACQUARIE University	
Sydney, Australia (Self-Placed)	
Qualitative Data Collection Methods	2024
EMORY University	
Atlanta, United States (Self-Placed)	
Internal Auditor of Quality Management System	2024
EICPL, Myanmar	
Introduction to Air Quality Management	2023
World Bank Group (Self-Placed)	
Environmental and Social Framework	2023
World Bank Group (Self-Placed)	
Personal Safely and Security Training	2023
Save the Children	
English for Advocates	2019
iPACE program,	
US. Embassy's American Center, Rangoon, Burma	
Advocacy for ending Gender-based violence	2018
iPACE program,	
US. Embassy's American Center, Rangoon, Burma	
Media and Information Literacy Program	2018
US. Embassy's American Center, Rangoon, Burma	

WORK EXPERIENCE

E Guard Envrionmental Services Co., Ltd.	2023 - PRESENT
Senior Project Assistant	
- Conduct environmental data collection and analysis for Environmental Impact Assessment (EIA) projects. - Assist in sample management, monitoring activities, and technical investigations. - Prepare technical reports and project documentation in accordance with regulatory requirements. - Perform data validation, compilation, and interpretation using Excel and other analytical tools. - Coordinate with multidisciplinary teams to ensure project quality and compliance. - Maintain project records and support quality management procedures.	

RESEARCH EXPERIENCE

Research Project for Postgraduate Diploma in Applied Psychology at University of Yangon

“ Association between street food consumption and the Depression, Anxiety and Stress among students in Universtiy of Yangon and Yezin Agricultural University. ”

- Designed research methodology and questionnaires.
- Collected and managed data from approximately 200 participants.
- Conducted statistical analysis using SPSS and MS Excel.
- Interpreted research findings and prepared technical reports.
- Applied quantitative research methods and quality assurance procedures.

Research Project for Bachelor of Sciences in Chemistry at West Yangon University

“ Investigation of Phytochemical and Nutrient values of Clerodendrum indicum (L.) Kuntze, Nga-yantpatu Leaves. ”

- Conducted phytochemical screening of plant extracts.
- Performed laboratory testing and sample preparation.
- Analyzed experimental data and interpreted results.
- Prepared scientific reports and research documentation.

TECHNICAL EXPERIENCE

- Laboratory Analysis
- Chemical Testing
- Statistical Analysis (SPSS, Excel)
- Research Methodology
- Technical Report Writing
- Documentation Control
- Sample Collection and Preparation

LABORATORY EXPERIENCE

- Volumetric Analysis
- Acid-Base Titration
- Gravimetric Analysis
- pH Measurement
- Analytical Chemistry Techniques
- Laboratory Safety Procedures

CAREER OBJECTIVE

Passionate about transforming scientific knowledge into practical solutions through research, innovation, and continuous improvement.
